The Center for Addiction & Behavioral Health Research Summer 2008 Research Seminars & Workshops

“Introduction to Social Network Analysis”

Date: June 9 & June 10
Time: 9:00am-4:00pm each day
Location: Enderis Hall, Room 740 – 2400 E. Hartford Ave.
Milwaukee, WI
Presenter: Devon D. Brewer, PhD
Director, Interdisciplinary Scientific Research
& Affiliate Asst. Professor, University of Washington
Fee: \$50 (\$25 UWM Faculty/Staff/Students)

Description: This two-day workshop will cover the theory underlying social network analysis (SNA); applications of SNA in the social and behavioral sciences; procedures for collecting social network data, types of data collected, and summary indices employed in network analysis. On the second day, attendees will receive introductory-level hands-on training in the use of the UCINET software package for the analysis of social network data.

“University-Community Partnerships to Prevent Delinquency and Youth Violence”

Date: June 13
Time: 11:00am-12:30pm
Location: Lubar Hall, Room N120 – 3202 N. Maryland Ave., Milwaukee, WI
Presenter: Patrick Tolan, PhD
Professor and Director, Institute for Juvenile Research
University of Illinois at Chicago
Fee: No Cost

Description: This presentation will focus on the value and some promising methods for university-community partnerships to bring evidence-based practices to prevention delinquency and youth violence forward. The emphasis is on the specific and complimentary contributions the university and community can bring to this partnership, the importance of working toward an ongoing relationship, and the value of this for improving public safety. Prior pertinent research and examples will be highlighted.

“Advanced Topics in Quantitative Methods for Researchers in the Social Sciences and Public Health”

This workshop has been made possible by the generous sponsorship of the UWM Graduate School

Date: July 23 & July 24
Time: 8:00am-3:00pm each day
Location: UWM School of Continuing Education, Plankinton Bldg, 7th Floor
161 West Wisconsin Ave., Milwaukee, WI
Presenter: Shenyang Guo, PhD
Associate Professor, University of North Carolina-Chapel Hill
Fee: \$50 (\$25 UWM Faculty/Staff/Students)

Description: This two-day workshop will provide an overview of structural equation modeling (SEM), power analysis in SEM, sampling, research design and propensity score matching. The workshop will also introduce participants to relevant statistical software and will be especially tailored for applied faculty, advanced graduate students, and researchers who are working in the social sciences and public health disciplines. Dr. Guo will employ examples drawn from his own work as a leading methodologist and applied researcher in social work and child welfare.
