APPLICATION FOR CONTINUING EDUCATION CREDIT
FOR FIELD EDUCATION

Description

The School of Social Service Administration (SSA) can award credit of 30 continuing education hours (CEUs) for field instructors who provide field instruction to our students. CEUs will be awarded to the field instructor at the end of the academic year, once the student has completed his/her internship and the instructor has fulfilled all requirements.

Instructors may only receive CEUs once for field instruction at SSA. No partial credits can be awarded. Instructors who have already earned CEUs for providing field instruction to students from another university, as well as those who are licensed in a state other than Illinois, should check with the department of professional regulation to determine if they are eligible for these credits. To be eligible, instructors must be the primary field instructor and must complete a full academic year (October through June) of continuous instruction with the same student.

Application

To apply for these credits, complete the application in full and email to Alice Jackson at alicejackson@uchicago.edu. All forms must be submitted by August 1, 2019 for the 2018/19 academic year. Provided that you have met all of the requirements, certificates will be processed and mailed after September 3rd, 2019.

Requirements

To earn 30 CEUs for field education, the field instructor must demonstrate completion of the following activities:

- provide one hour of direct supervision per student per week, for the duration of the academic year (approximately 30 weeks);
- address the School’s field education objectives with the student during the course of their internship with particular attention to how your agency addresses social work values, ethics, research, and diversity in your services and the theoretical basis for your approaches to intervention;
- complete quarterly student field evaluations;
- attend a minimum of two pre-approved professional development trainings scheduled by the Office of Field Education at SSA during the academic year. Please see back page for details.
I have completed the following requirements to earn 30 CEUs for field education:

□ I have undertaken weekly supervision with my student, __________________________ for the entire academic year.

□ I have submitted all quarterly evaluations to SSA's Office of Field Education.

□ I have attended at least two of the following SSA-sponsored field events during this academic year (please initial):

Annual Field Instructor Breakfast Meeting (September 7, 2018) _____
Essential Tools for Field Instruction (September 7, 2018) _____
Essential Tools for Field Instruction (October 12, 2018) _____
Using Reflective Supervision with Social Work Interns (November 9, 2018) _____
Social Work Ethics and Technology (February 8, 2019) _____
Cultural Humility: A Comprehensive Framework for Field Instruction (April 12, 2019) _____
Bridging Policy and Practice (May 3, 2019) _____
